## PARENT FORUM

## JANUARY 2023

YOU SAID .....

Could all classes share their daily timetables with parents

Could Owls send a timetable of which teachers are teaching on each day to parents

Could KS1 and KS2 send out their spellings on the same day and test them on the same day

Parents felt that the information evenings have been very helpful – KS2 parents especially asked for them to continue

WE DID .....

Class timetables sent out to all parents – obviously there may be some fluctuation in these but they give you a rough guide to what is happening in your child's day – please ask your class teacher if you have any questions

This has been sent to Owls parents on class dojo. There is also a photo board on the classroom door as staff may vary from time to time

Squirrels and Badgers now send their spellings out on the same day and test them on the same day

We are very pleased to hear this and we will holding more during the year The idea of a notice board on the fence listing what was happening each week was suggested

Could we record the KS2 timetable songs and share them on dojo so that parents can help their children to practise them

It was suggested that we could use Class Dojo to award points to children

We did discuss this but felt that the information on class dojo and the Headteacher's weekly letter should be sufficient

This is a good idea and we will be recording the songs for you as soon as we can

We did discuss this but felt that at present we do not need an additional way to award points
